

A collage of images illustrating various aspects of aging and healthcare. The central figure is a woman in a white lab coat, likely a healthcare professional, with her hand near her face. Surrounding her are several smaller scenes: an elderly man sitting on a bench, a woman holding a smartphone, a man playing with a child, a woman sitting on a bench, and a woman in a white coat. The collage uses a soft, ethereal style with a light blue and white color palette, suggesting a focus on health and well-being.
